

LIVES FOUR DAYS BUT ONE NICKEL

Provider for Family is Sent to Jail for Ninety Days by the Police Judge.

WAS EARNING GOOD MONEY

Forced to subsist on a nickel's worth of dried rolls and water for more than four days, with her husband making daily wage of over \$3, has been just one of the many instances of neglect and abuse that Mrs. James Park, 3514 North Thirty-ninth street, related in police court that she and her two small children have been compelled to undergo.

Parks, who was already under bonds for nonsupport and abusing his family, was sentenced to ninety days in jail on a mittimus so drawn that he will be compelled to serve the full period.

Married Nineteen Years.
The Parks have been married for nineteen years and have had seven children, three of whom are still living, a boy 18, working in South Omaha; another lad aged 9 years and a little girl 6 years of age.

The husband and father, according to Mrs. Parks, works part of the time in summer, and then only contributes in an intermittent and inadequate manner to his family's support. In the winter and a good part of the summer months the wife sews by the day and earns a meager living.

Their home is little more than a one-room cement hole, with a roof that leaks as though it were not there and a dirt floor that runs to puddles when it rains for any length. The whole structure measures about 8x10 feet.

Gets Nickel from Friend.

Early last week the husband, who had just received \$59 for eighteen days' work, left the house without giving his family a penny, and, in fact, sent a man to their little garden to take a small crop of lettuce that they had grown. It was from this fellow that Mrs. Parks secured the nickel that bought the family's sustenance until notice was directed to the authorities by the husband's return, abusive actions and arrest.

Mrs. Parks on Saturday had earned \$1.70 by sewing, but not finishing the work, had brought the sewing home to complete. Her husband returned in the evening, drove her from the house and pursued her several blocks with threats of violence. It was at this time he was arrested and the contention of the family brought to the notice of the Welfare board.

All the clothing the family had has been supplied by the Associated Charities and the City mission—the 9-year-old boy having worked and bought his apparel for some time.

In police court Parks was inclined to haggle when the judge asked him to contribute \$30 a month to the support of his wife and little ones. It was following this that he received the ninety days' sentence.

Big Retail Sales Company is Formed To Sell Maxwells

C. J. Brokaw, district manager of the Maxwell Motor Sales corporation, has just completed arrangements for the organization of a large retail automobile company, with a capitalization of \$500,000 to handle Maxwell cars in both Nebraska and Iowa.

The personnel of this new company comprises some of the largest capitalists in Omaha, and Mr. Brokaw has been congratulated by the Detroit office of the Maxwell company over the success which attended his negotiations to place the agency with such a strong financial and business-like organization.

Their contract calls for the delivery of 3,000 Maxwell automobiles during the season of 1916-1917, and Mr. Brokaw feels proud over the conclusion of this deal.

Rain Puts Damper On Enthusiasm of Trade Trip Boosters

The rain disappointed about 100 enthusiastic boosters who had intended to make an automobile trade trip to Wahoo, Valley, David City and about a dozen other towns in the state Friday morning. This had to be called off on account of the muddy condition of the roads following the rain last night.

Commissioner Manley of the Commercial club began to receive telephone calls at his home before 6 o'clock in the morning from the anxious ones who did not like to have the trip postponed. In the meantime word was received from Valley and David City to the effect that the condition of the roads all along the line was such that the very thought of an automobile trip was ridiculous. So the trip is indefinitely postponed.

REPUBLICAN CANDIDATES WILL ORGANIZE TODAY

Douglas county candidates on the republican ticket will hold a conference at the Rome hotel this morning to arrange for campaign plans. Their principal business will be the selection of a county chairman. Several names have been suggested in connection with this position. It is probable that F. S. Howell, late federal district attorney, will be asked to take the place.

GRAIN MEN ORGANIZE CLEARING ASSOCIATION

The Grain Exchange Clearing association is a new firm organized in Omaha, with \$50,000 capital. The purpose is to carry on a general grain business. J. M. Holmquist, A. H. Brewster, E. S. Westbrook and E. C. Twamley are the officers of the company.

NEW ORTHODOX JEWISH CHURCH IS INCORPORATED

A new orthodox Jewish church has been incorporated and activities will commence at once towards establishing a place of worship. The church will be known as B'nai Hamedresh Adass Yashurim. M. Kettelman, H. Wintrub, J. Finkel and A. Rachman are the officers.

POSTMASTER QUESTIONS YOUNG LETTER CARRIERS

Twenty young men who have passed the civil service examinations for letter carriers presented themselves before Postmaster Wharton to answer questions regarding themselves.

The postmaster will select ten from the number to be put on the list of substitute letter carriers. Colonel Wharton fixes a high standard that the men must reach.

"Thousands of people judge the government by you," he told them. "The daily visits of the mail carrier

are the only personal contact they have with the federal government. It is, therefore, necessary for the mail carriers to be exemplary men."

He asked each man whether he ever indulged in liquor and whether smoking and gambling were among his failings.

BURLINGTON TRAIN HITS WABASH IN COUNCIL BLUFFS

Rumors were rife in Omaha Friday morning of a bad railroad accident in Council Bluffs, but it turns out to be one of little damage. A Burlington

passenger train ran into a Wabash freight train at the Council Bluffs crossing. A Wabash boxcar was demolished. The Burlington engine was scratched up a little and the passenger train was delayed for twenty-five minutes. No one was injured.
